I einsemds skogar

Djupt inne i einsemds skogar
kjem dei kvite fuglar
med bod til mitt hjarte.

Men livet har gått seg vilt
og finn ikkje vegen.
Alt går i ring
og er onnorleis
som [illegible]g sjølv er det.
[illegible]g m[illegible] eigen ungdom
s[illegible]ar [illegible] framand,
[illegible]ikar eg [illegible] kjenner,
[illegible]t går eg forbi[illegible]
uta[illegible]d eller [illegible]

[illegible] følgjesv[illegible] e[illegible]å meg:
li[illegible]gs[illegible]
og [illegible]stor[illegible]dri[illegible]
o[illegible]er m[illegible],
dei bei[illegible]derla[illegible]
den underlege d[illegible]en
som vart [illegible].

For det kjem ein morg[illegible]
etter mørkret
då ord opnar seg som bloma[illegible]
då solguden kjem
med si gylte harpe
og vekkjer til liv
tonar ingen kan forstå.

Då leitar eg etter ein veg,
men einsemds skogar er endelause.
